BARY BUNN.

N. P. Willis says of the poem annexed:-"It is addressed to an idolized child, by its pet N. P. Willis says of the poem annexed:—
"It is addressed to an idolized child, by its pet
name, and though beautiful throughout, it has
some two or three passeness of a very rare orig
WM. C. COZZENS & CO. some two or three passages of a very rane originality. The writer of it (as I learn from a hady who encloses it to me) was a factory girl, who by the lator of her own brooks secured the hady who ensemble the latter of her own broads secured the money for her education. She is now 21 years of age, and supporting the scall by various ness of her pen. She these H is yet to be farments from the factor of her pen. She these H is yet to be farments and put up in the Fall, by bearing the second, and effectively sure?:—

STORACE OF STOYES.

DEBSONS wishing their stores should can have them taken from their residences—properly kept sing the second, and effect of the Fall by leaving their context and 17 Themes sirved.

W. H. BLAS.

In the dusky evening \*kies, Bowner than the robin's wing, Clearer than the woodland spring. Are the eyes of John Burn! Winsome baby Bunn!

smile, mother, stalle-Thinking gattly all the while Of a lender, blissful day, When the dark eyes, to like the of the church on your knees. Stoke your girlish he of away Oh! the eyes of heby Room Potest mischief will they do. When care old example to steel What their fether stole from you Smile, mother, smile !

Winsonin Issby Jupan ! Milk white lilles half unrolled, Set in chalyees of gold. Cannot make his forchard fair. With its rings of yellow bein' Scarlet heavy cleft in twain, By a wedge of pearly grain Is the month of bally Bung Witsome luty Bung!

Weep, mother, weep For the little one asteep With his heed against your breast! Never in the coming years, Though he seeks for it with lear-Will be find so sweet a rest, Oh, the breath of haby Bunn? Oh, the saidet month of Boun ! One near wears its crown of thorus, Drink its cup of gall must one! Though the trembling lips shall shrink White with anguish as they drink. And the temple sweat with pain-Drops of blood like purple rain-Weep, mother, weep.

Winsome bully Bunn! Not the sea shell a pulest tinge. Not the dairy's rose white fringe. Not the edited, I dutest glow Of the smoot on the snow, Is more beautiful and sweet Then the wee pink hands and for Of the little body Boom --Winsomer balay Bang ( Feet like these may lose the may, Wandering blindly from the vight: Proy, and sometimes will your prayers Be to him like golden stairs Built floogh darkness into light, Oh, the dimplet feet of Burn. In their sitken stockings dressed ! Oh, the dainty length of Busin. Hid like mag leaves in your breast These will prospert jowels have. But to find them empty air. Those shall falter many a day. Bruised and Meeting by the way Ero they use hither had of rest Pery, mother, proy (

THE LOVER'S SEARCH ...

Lovers do stringe things: Who would think of sockings the cleaner of a mistress in the sur-rogate's office? Yet such a thing has been done. rogate's office? Yet such a thing has been done, if we believe a contemporary's account of the doings of a young afterier in its reighborhood; 1—26A young gentleman, who was desirous of entering the holy state of matrimony, and had turned his attention to the gibbel' beauties of the day, selected, at length, for particular addresses, a young hely who was reported rich, as well to the gift of there's a in mental and parsonal accomplishments. The left the rharm of his fair one stealing over his senses, a switching fair one stealing over his senses, a witching spell upon his faculties. But he wanted to make assurance doubly sure, and to leave no shop whereou to bong a doubt' fourthing the readily processors of his beloved. Fance it is true, had spoken her wealthy: but fame has a cruel fashion of exaggeration in these matters. In a word, if the furth must be feld, our lover was not so modified. was not so madly in love but he was able to preserve some method in it. And before the preserve some frorthed in it. And before the glorious passion had reached its crisis, by had the singular produce to examine there each.

DEAN. Mem Per, Complete of England, Perio and to obtain an exact Luowledge of the wealth and to obtain an exact Luowledge of the wealth and to obtain an exact Luowledge of the wealth. and to obtain an exact thousands of the working of his charact? How happy was he to find:

CORRESS SEEDS A CORRESS AT CORNELES, that her velate was clear, and for even more validation to the first seed of the s that her estate was clear, and for even more variable than runner had proclaimed it. Philosy, taken on the wings of love, to the dwelling of bis fair ones in good set phrace handed and cleared his affection for her, made a truler of his heart and hand, and besought her to smile upon his passenger of the grant of the clear of the clear and hand, and besought her to smile upon his passenger of the clear of the grant of the clear of the clear and hand, and besought her to smile upon his passenger of the clear of the clear

cast its silver above the horizon! By some The Jaily Jews. Cen us suver answe me normon. By some means, it happened that the young half had been apprized of the extent of her lover's curi-For Prospectus. Advertising and Substription of this page.

### SOLICITOR OF PATENTS. Ament of H. S. Patent Office, Washington,

tunder the Act of 1837.1

No. 76 State St., opposite Rilly St.,

BOSTON,

No. 76 State 8t., opposite Riiby St.,

BOSTON,

Atter an extension practice of apoxinds of twenty years, continues to recent claims in the United States; also in float Riib in, Prance, and other tracein countries, Cayart, Specimentory, Sonke, A simunatis, and all rapers or Dawings for Patents, executed on fiberal forms, and with despate, Recorders made into Anathon or Forcian works, to the contine the wilding or utility of Patentson Inventions and legal moduling addition of Patentson Inventions and legal moduling addition of any Patentson Inventions and legal moduling the rendered in all in otters tools ling the state. Topics of the chain of any Patentson Inventions and legal moduling the Dollar. Assignments recorded at Workington.

The Agency is not only the Popestin Xew Electand, but though its observable procedures for examing Patents, of a secretaining the potentiability of invantion, unsurposed by, if not induce another experient to any which can be offered from the school for Taylor, and the other of the another than the STAL ATTILE PAIRST OFFICE to on the subceiller and as SECCESS 18 THE REST PAIRST OFFICE And ASSESS 18 THE ASSESS 18 THE PAIRST OFFICE AND THE PAIRST OFFICE

tents.
All necessity of a journey to Washington, to procur a patent, and the usual great delay there, are four saved intentors.

# TESTIMONIALS,

"I regard Mr. Eddy as one of the proof expelle as pressful profitioners with whom I have had allog

Thave no hesitation in assuring favorators that they cannot coupley a person more competent and frustworthy, and more couple of patting their applications in a form to secure for them, an early and favorable rousile ration of the Patent Office.

EDMOND BURKE, Late Commissioner of Patents.

Inter Commissioner of Petente,
Mr. R. H. Eddy has made for one "CHITEEN applications, on all but out of which patents have been
granted, and that is now pending. Such armietiscable
proof of great inheit and addity on this part leads me to
recommend all inventors to apply to him to promutheir patent, as they may be some of lawing the medfaithful attention bestored on their cases and all yry
reasonable charges."

OUR DUTY. the rights carry with them a corresponding har et 10 ponsibility. Indeed this sentiment a menterned in the impired volume, in which we say distinctly informed that "from those to Magaranch is given, much will be required." Americal the nations of the world, ancient of materia, we look in vain for such a plenitude ca sifts as a merciful Providence has bestowed apon is as a nation-such a plenitude of good and perfect gifts." Our lines are truly good as the black, all other things being opind, and while we would not without from the colors is to year in resources as to dely computation. 1 in Level 1 singulation's utmost stretch? 30 comprehend, in all their vastness, the physical persons as of this continent which is our heritage, those than this, we were vouchsafed a governinout, the attainment of which was possible, early, through a long course of peculiar and Providential training, the tomplation of which privileges it would seem that they do not deserve as said in the old world, before our own land even what they have. But we don't helieve that this teering is general, and we are not a more state think but that, on the whole, our reduced population ple-sical and political advantages, we had ingreated for colo-sal growth that challenged not only the wonder, but the fear and even envy of actions who were in a tipe old age ere, we were torn tha progress, too, was with a rapidly he comine momentum that was bewildering to see that the appeal made by Hoy. Mr. White, appropriate. Everything around us was assumage such giganties proportions as to alwarf, by tegiment is being responded to bherelly, in our if comparison, there of ether nations, who were terfore considered colossal. Nor did human foresigns anticipate that, in so brief a period, capta could clog the wheels of our progress, to suc fatal degree. Nor could it have been done and we been fully alive to the vast responsibility a block our imprecedented privileges carried with them. Nor, have we, even now, while smarting under the red of discipling for our lexuesof daty, arises to the full comprehension of our resome fielities. We do not yet seem to realize that it is to the nature and form of our political autifiations, under God, that we are indicated position, which cannot be well applied a copy to for our great success. The value of this Union does not seem to pervade the bearts of this proals, and impel them to feel and act as if it was in marching they would ned broke the feet. They really what the "father of his country" declared ask as to famish them with a good antide of word. a is be-the Palladium of our safety. We do ant, as yet, seem to apprehend, that to preserve the Union, no sterifice is too great, no labor too ardons, to be made and performed. But thir is to, pevertheless. There is a duty resting upon every man, woman and child even, in the action, of suffering or doing, at the present of which each is but suffering or doing for himfight. If we cannot carry a sound physical frame into the field of battle, wherewith to rudure its hardships and dangers, we must give to the support of others who can. If we canard fight or give, we must labor at whatever our bands can find to do, in the glorious cause. We said do all in one power, if at home, to car Poltors and tires-home and our native tand." For as, who are allowed to remain in the enjoyment of our ordinary blessings, untils thread by the hourse roar of causion, or the included whiz of the death-dealing missile, to because we are removed at a distance from the rebellion-way is being acted. When our returning sol-filers, whose term of service has been taitbully served, come under our own view ranks, then we open our arms to receive them; with the highest authations we welcome them; with the highest authations we welcome them; with the highest authations we address them. This is sivell. Shower upon them the decrees expression of our gratitude—they deserve them all, that is as not forget those fatfaid beroes who are considered to the street of the feed Artillery non. It was a hazardous days for them there are protection or screen. He writes here, that along the natural local or and the natural local or are gratitude—they deserve them all, the natural local or are finding in the natural local or are gratified by the scale training training and training trandous training training training training training training trai ranks, then we open our arms to receive them; with ovations we welcome them; with the

Local News 16 pts.

THE COLUMN SCHOOL BY SPECCE STREET W. have received a communication, in regard, to our notice of the case of insubordination in this selso which we published a day or two since. As to the school-house we have not examined it particularly. but we are reliably informed that it is a treat and convenient building for the purposes for a high in was erected. As to theming both sides of the attair," we consider that we did, although not present at the trial of the refractory page: 11 more was a judicial investigation of the affine such as take it as a matter of course, that "both sides" were heard, and upon that thearing the pupil was bound over for trial bofore the proper tribunal We consider this, fair and importful ground for making the statement, that we did, and in dolar which we had no intention or reconstrodouny anjustice to the accused party. Whether the panish igent inflicted or attempted to be inflicted by the teacher, was justifiable or innuccessarily severo we presume the Court who theard the complaint, were capable of judging from proper evidence allmitted to their consideration.

As to any prejudice in regard to solor, we have none, although we consider that the white is a citizens one iota of their just rights, we also the not deem them as proper subjects, for any special immunities over the white population. They are furnished with good, schools, and, good, tepchera, and convenient means of education in every war adapted to their capabilities and twees laies, as a are informed, and if they do not appreciate then enough to conduct with propriety in regard to the this feeling is general, and we are not willing to appreciate and strive to profit be, the need to puprovement provided liberally for them is 1929 as for the e of our own color.

Tim. APPLAIL FOR THE 54P R. LowWords of which Chaplain, and Col. Tew, in helplif of this gallent tercity of Providence. One time has despited o \$50.00 and others are following the evapple -This arread should be understood fully and be have no doubt that one own citizens will as possel at once. The gentlem nawho have come home or a mission in behalf of the regionary with it to be distinctly understood that in realing this appear to friends at longe, no consuction intolled at all appr the government for needed, or Gibble to high fall its contacts. The men receive their part of topand clothing regularly. But, there are seen things which are really indispentable, or the comfort and health of our brave men, in their person an adventure at the expense of private generosity.
